#### HONORED SPEAKER BRENDAN MCDONOUGH

*Brendan McDonough was the lone survivor of the 20 Granite Mountain Hotshots, 19 of whom died in the Yarnell Hill Fire.*

Brendan McDonough was on the verge of becoming a hopeless, inveterate heroin addict when he, for the sake of his young daughter, decided to turn his life around. He enlisted in the Granite Mountain Hotshots, a team of elite firefighters based in Prescott, Arizona.

Then, on June 30, 2013, while McDonough—"Donut," as he'd been dubbed by his team—served as lookout, they confronted a freak, 3,000-degree inferno in nearby Yarnell, Arizona. The relentless firestorm ultimately trapped his hotshot brothers, tragically killing all 19 of them within minutes. Nationwide, it was the greatest loss of firefighter lives since the 9/11 attacks.

#### FEATURED MC MACKENZIE PHILLIPS

*When Mackenzie was a teenager, Hollywood and the world took notice of the charming, talented, precocious child actor after her star-making turn in *American Graffiti*.*

As her astounding, outrageous, and often tender life story unfolds, the actor-musician-mother shares her lifelong battle with personal demons and near-fatal addictions. She overcomes seemingly impossible obstacles and journeys toward redemption and peace.

These days, Mackenzie has traded the limelight for the therapists chair. Now the Director for Referral Relations and a Substance Use Disorder Counselor, Mack works with clients at Breathe Life Healing Center in Los Angeles, bringing with her a unique perspective, much of which has been shaped by her own battle with substance abuse, in addition to her ongoing professional training as an addiction counselor. Mack can be seen currently on the new "One Day at a Time" and a recurring role on the top show "Orange is the New Black".
